POWER   RESET   LAN   USB   HDMI   AUDIO   VGA
Power
USB (3)   Audio output port

## Unlimited Flying Screen - big screen more shocking

High compatibility
Phone / tablet / computer

1080P
UHD image

No delay
HD mirror sync

Transmitter

Transmitter   Laptop

Mobile phone, tablet install Android APP software, after corresponding settings to achieve wireless transmission, small screen turns to large screen

Mobile phone   PAD

Smart annotation /Wireless KVM

High compatibility
Phone / tablet / computer
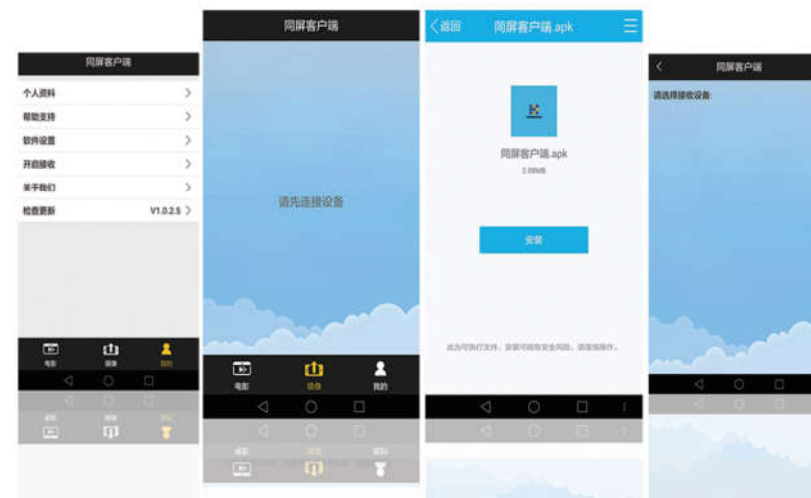

1080P
UHD image

No delay
HD mirror sync

Connect mouse and keyboard to U-Click receiver, can not only write annotations in the screen, but also operate the computer directly on the big screen

Operation interface

2.4G + 5.8G intelligent dual-band transmission at best performance

Using 2.4G + 5.8G intelligent dual-band technology design, significantly enhance user's business office experience, playing mobile phones, watching high-definition movies at best performance

Mobile games Business office HD movies

Technical parameters>>

Name	Description
Application area	Conference Rooms,Meeting rooms,Training rooms Boardrooms & Educational Classrooms
Frequency band	5.8G/2.4G dual band
Windows operating systems	Windows7/Windows8/Windows8.1/Windows10
Android	above Android5.0 terminal
IOS	IOS9.0 and above terminal
Mac OS	Mac OSX 10.6/10.7/10.8/10.9
Transmission protocol	802.11 a/b/g/n, Airplay & custom protocol
Transmission bandwidth	300Mbps
Transmission distance	40M
Number of simultaneous connections	Up to 30 users
Resolution	1024*768-1920*1080
Antenna	2T2R ; 5dbi
Interface	HDMI/VGA/USB*3/Audio/Lan
IP setting	DHCP automatic acquisition
Administration of networks	Web page settings
Temperature range	Operating: +5°C to +40°C (+41°F to +104°F) Storage: -20 degrees C to +60 degrees C (- 4 degrees F to +140 degrees F)-20°C to +60°C(−4°F to +140°F)
Humidity range	Operating: 0 to 85% relative humidity, no condensation Storage: 0 to 90% relative humidity, no condensation
Power	AC 100- 220V
Dimension (L×W×H)	Host: 243mm * 114mm * 194mm (including antenna);Transmitter: 15mm * 60MM * 199mm
Weight	Host: 760g; transmitter: 108g

U-Touch – Interactive meeting Hub

Product overview

The U-Touch is a wall or mobile display cart system mounted device with 65/75/84 inches 4K touchscreen with multi-touch capabilities The devices are targeted for businesses to use while collaborating and videoconferencing.U-Touch is an intelligent meeting system can achieve handwritten whiteboard, multi-media sharing, documents presenting, screen-mirroring, remote video collaboration and other functions. With a stylish design, multi-threaded operation, efficient and time-saving. It fully compatible with Window software (ppt / excel / word), Adobe pdf and Autodesk Cad etc. displays as a unique advantages. Wireless screen mirroring technology and remote video collaboration connect with Window, Android, Apple and other devices.

### Hardware Configuration

System: Window

CPU: Intel Core -i5

Storage: 128G SSD

Ram: 8G

Touch screen: Infra red

Resolution: Up to 4K Resolution

Intelligent whiteboard

Video collaboration

Office software application

U-Touch Intelligent Collaboration System

Scan code share

Wireless screen mirroring

Central cotrol

New

☑ Support up to 8 simultaneous sharing

☑ SPC ,pad ,mobile realize wireless mirror via WIFI

WINDOWS | ANDROID | IOS

Features

Basic function	Annotation	Yes
	Gesture erase	Yes
Office software	Scan code sharing	Yes
	Microsoft Office	Yes
Drawing software	Auto CAD	Yes
	Photo Shop	Yes
	3Dmax	Yes
